

WORKSHOPS FOR PRE-PROFESSIONAL MUSICIANS

Workshops for Pre-Professional Musicians* are two-hour sessions designed to spark excitement and develop skills surrounding musicianship and ensemble playing to help aspiring musicians. A world-renowned clinician or musician works on specific areas of technique and interpretation determined in consultation with each ensemble's director. Pre-professional ensembles will receive:

- Various approaches to learning and performing a wide range of repertoire
- An understanding of professional habits surrounding rehearsal and performance
- Insights into maintaining a positive attitude at each stage of music-making — from individual practice to group rehearsals and performance
- Strategies for school music directors to advance developed practices
